ABOUT US

ZHEJIANG IHOMEY HOUSEWARE Co., Ltd. is an innovative home appliance company with a strong focus on quality, advanced technology, and global market expansion. Established in 2012, headquartered in Lishui, Zhejiang.

• Products & Services

Diverse product: bladeless fans, air purifiers, electric heaters, hair dryers, Wet Dry Washer, and more. Offers OEM collaborations, serving over 100 platform buyers and renowned international brands.

• Production Capabilities

Manufacturing facility spans 27,500 m² with a 12,000 m² spot warehouse. Equipped with advanced machinery (e.g., Haitian injection molding) and a rigorous quality control system.

• Global Reach & Certifications

Exports to the Americas, Europe, Latin America, and Asia. Compliant with international standards, holding CE, CB, and ROHS certifications.

• Innovation & Technology

Integrates mobile internet technology, industrial design expertise, and market insights. Focuses on smart home products and modernizing traditional home appliances.

• Vision & Mission

Driven by innovation to enhance everyday living. Committed to expanding global presence and delivering exceptional products and services.

Cooling Bladeless Fan AM-032

Material / 材质: ABS
Power / 功率: 110V or 220V/30W
Rated frequency / 额定频率: 50/60Hz
Motor / 电机: Brushless Motor 直流无刷电机 3200-5800rpm
Wind Speed / 风速: 5M/S
Wind Speed / 风速: 8
Noise / 噪音: ≤55db
Wire length / 线长: 1.5m
Timing / 定时: 0-8H
OSC / 摇摆度: 80°

H13 FILTER REALLY DECOMPOSITION REALLY EFFECTIVE

Effectively remove a variety of harmful bacteria
and odor refuse to release harmful substances twice

1 PRIMARY FILTER LAYER

Filter out large residue
such as hair and coarse
fiber debris

2 A DOUBLE LAYER PET PROTECTIVE MESH

With electrostatic electret
effect to remove large
particles and protect the
mesh

3 H13 FILTER

Quiet and Refreshing

The stable operation of the motor, Turbine passage, combined with the whole design of inlet hole, can convey warm and clear air to you quietly, and protect your dreams all night long.

Sleep when you feel like it

Preset time intervals from 1 hour to 8 hours are at your disposal.

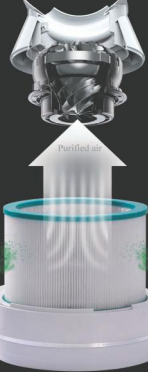

Incomparable Beauty

Breakthrough, so different

Built-in Core turbine flow passage system!
Column optimization and upgrade to create a strong heating flow.
Increase the overall Air volume, while maintaining a steady
wind speed and pressure. Noise reduction does not affect the
air supply and purification effects.

Core turbine flow passage
Airflow increase 28%
Air volume increase 67%
Cleaning air
